## Travellers Day at Exhibition Will Provide Many Features— Majority of Committee Vote Against Employees Having

After a long argument a majority of the members of the union committee declined to make any alteration in the definition served at by the street railway company. The retroactive pay of the street railway employees was not to be paid unless consent to the man receiving retroactive pay on the one-man car bailed out of the car and was not taken down, when two men were put on the cars.

Representatives of the street railway were represented by R. S. McLaughlin and one delegation of the employees, and it was agreed that the retroactive pay would be both ex-Supt. Mohr and his employees. Brulotte, that there would be no change in the retroactive pay. The retroactive pay was the time when the two men were on the car. The retroactive pay was not stated, the men would have asked for a new sign-up in order that the retroactive pay of the men taken front of the cars.

It is understood that the man may not be paid retroactive pay of the car. A. J. McLaughlin said he thought the retroactive pay was some other night. The retroactive pay was not right in not notifying the man.

The chairman, Ald. Kinney, the Mayor and Ald. East were of opinion that the commissioners' decision should be sustained, and a report will be made along such lines.

## Absolute Deadlock Exists When The Twenty-Sixth Ballot Fails to Decide Between McAdoo and Cox

Four First Divisions Monday Morning Minus of Definite Results—Both Leading Delegates Opponents Cannot Win—Palmer Still Contender, Though Far in Rear—Cummings Gains at the Last.

San Francisco, July 5.—At ten o'clock the final session of the Democratic national convention was held today to order by Chairman Robinson. According to the stories of the various delegates, there was as much of a deadlock on hand as ever.

The Cox people declared "McAdoo could be nominated if we vote three weeks."

The McAdoo people made practically the same prediction about Cox. Both delegates on the early roll call Monday.

After reading the declaration of independence Chairman Robinson ordered the roll call of the various delegates of the twenty-third ballot.

The result showed no material change in the deadlock. The roll call was as follows:

McAdoo 264 1/2; Cox 420; Palmer 181 1/2; Davis 25; Underwood 17.

On the favorite on votes stood none of the delegates added a touch of

humor. Missouri threw a half vote for Harding, and Washington and Kentucky between them threw a vote and a half for Irvin Cobb.

The twenty-fourth ballot also failed to break the deadlock. The figures on the roll call were as follows:

McAdoo 264 1/2; Cox 420; Palmer 181 1/2; Davis 25; Underwood 17.

The twenty-fifth ballot was as follows:

The twenty-eighth ballot was as follows:

McAdoo 264 1/2; Cox 420; Palmer 181 1/2; Davis 25; Underwood 17.

The twenty-ninth ballot was as follows:

McAdoo 264 1/2; Cox 420; Palmer 181 1/2; Davis 25; Underwood 17.

Canadian Pacific railway equipment for the Edmonton, Dunvegan and British Columbia Ry. now at the depot yards on the south side of the river and the reported appointment of a roadmaster by the C.P.R. for work on the E.D. & B.C. are apparent evidence that negotiations between C.P.R. interests and MacArthur have reached an advanced stage.

## IRISH COMMENT ON IRISH PLANK OF DEMOCRATS

Dublin, July 5.—The Freeman's Journal commenting editorially on the Irish plank in the Democratic platform, says:

"No doubt the English press will endeavor to comfort its readers with the fact that the convention has decided to declare outright recognition of the League of Nations might think that the plank as it stands, if enforced by America, is one involving the gravest implications. It means that America is invited to declare that the Irish question is not settled. It is one that may lead to war. Only by such declaration could the Irish question be introduced before the league."

**CROP REPORTS**  
FROM NORTH ARE VERY REASSURING

Increased Acreages Are Reported in Some Districts on Railway Line

Excellent crop conditions and in several instances increased acreages are the news that comes to local offices of the Edmonton, Calgary and British Columbia railways from the north country.

Don Accord reports a twenty per cent increase over the average of last year. This includes two thousand acres of wheat, six thousand of corn, five hundred of oats and fifteen hundred of barley.

Twenty thousand acres of wheat are being sown in the Peace River and Meriville districts where two thousand acres of barley and two thousand acres of oats have also been sown.

About the same acreage has been sown this year as last in the Spirit River and Grande Prairie countries. In the former territory, three thousand five hundred acres of wheat, have been sown as well as nine thousand five hundred acres of oats, one hundred and fifty acres of flax and eight hundred and fifty acres of barley.

Peace River reports excellent growing weather with crops advanced as far as last year despite the late start of the season.

Increased acreages of about fifteen per cent are reported from Clearmont where eight thousand bushels of wheat, thirty thousand bushels of oats and three thousand bushels of barley have been sown.

# HEAVY RAINS SOUTH REVIVING PARCHED FIELDS

Downpour Covers a Wide Territory, From Red Deer to Macleod

## FARMERS JUBILANT

Many Districts Were Faced With Drought Prospects When Sunday's Storm Came

Calgary, July 5.—With 12 to 14 hours rain in some portions of Alberta, and extending up to six hours at others, and with every indication of a continuance of the down-pour, farmers are most jubilant and a great wave of optimism is sweeping the province. The rain (as come at a most opportune time, and is characterized generally as a Godsend, for although crops in many sections were looking most promising, there was a growing uneasiness as to the almost immediate need of moisture.

The official report issued by the Canadian Pacific railway is to the effect that there was heavy rain all over the province on Monday morning from Red Deer to Vulcan and Macleod, and as far east as Strathmore. There have been heavy rains in the north. The Canadian National railway reports heavy rains from Calgary north to the Saskatchewan border.

The report states that the present moisture is sufficient to carry rice through to harvest, and is sufficient for three weeks or as far as wheat, oats, and corn are concerned.

**TRAFFIC ROUTES ARRANGED FOR FAIR GROUNDS**

Kinistino and Norwood Route Is Preferred to the More Southerly One

The citizens' attention is again called to the fact that Thursday afternoon, July 8, has been set apart as citizens' half-holiday for the exhibition. The civic office will close at 12:30.

In connection with traffic arrangements the following statement has been issued by the mayor:

"I feel it my duty to again caution the public that the exhibition will have to be made regarding the same, and all who possibly can, are earnestly requested to go to the exhibition ground via Fraser and Kinistino avenues."

The fair will be located at each railway crossing and the railway authorities have promised to make the time to make the routing of all traffic in the city as convenient as possible.

For the better policing of the city during exhibition, the protection of visitors and the ordering of traffic in the congested regions an addition of 24 constables has been made to the city police force. At the exhibition grounds there are stationed 25 men under the command of Inspector Blackford. Besides these, there are a number of plain clothes men. Traffic is also directed at all bridges and dangerous places along the Jasper avenue route.

**PRISONERS IN MARION COUNTY JAIL ESCAPE**

One Strikes Night Watch Over Head, Gets Out, and Then Releases Others

Indianapolis, Ind., July 5.—Twenty-two prisoners, including two lifers, escaped from the Marion county jail early Monday morning, after having broken the night jailer unconscious and taking his keys as he was making the rounds.

The first of the police knew of the delivery was when a patrolman on duty beat reported he had arrested two suspicious looking characters in the railroad yards, and found they were inmates supposed to be confined at the jail. On investigation the men were found in the corridor. One of the prisoners had snatched a bar loose from the window, struck him over the head with it as he was making the rounds, took his keys, released the others and the whole of them walked out of the building without being noticed. It was several hours later that the escape was discovered.

Special details of police were called out and were searching the city and searching all outgoing trains, but at an early late none of the others had been apprehended.

Indianapolis, Ind., July 5.—Four of the 24 prisoners who escaped from the Marion county jail early Monday morning, have been recaptured. They escaped about 1 o'clock after knocking unconscious the night jailer with an iron bar snatched from a cell, unloading the escapee with his gun, and walking out of the main entrance of the building.

The whooping jail delivery was not discovered until an hour later, and then only by the accidental capture of two of the fugitives by policemen.

John B. McKay of Altaville, California, is in the city on his way to the Peace River country where he intends to locate. Mr. McKay visited Alberta last year in a tour and was so impressed with the country he decided to come back and settle in the province permanently.
